VOL. 10, NO. 28

"PREPARED BY AND FOR THE WALT DISNEY WORLD CAST"

JULY 11, 1980

## "ANYTHING GOES" . . . NEXT WEEK

Who are the wildest and craziest cast members at Walt Disney World? Well, Cast Activities has come up with the ultimate test to find out — "Anything Goes" at your own Little Lake Bryan.

On Friday, July 18, four-person teams representing various work locations or schools, or whatever you want to represent, can go out to Little Lake Bryan and pit their agility, ingenuity, wiles, and humor against the clock in a series of wild and wacky maneuvers.

Each team will be allowed a warmup walk-through and then be timed for their efforts in such diverse skills as swimming, blowing bubbles, paddle boating, running backwards with scuba fins on, hopping in sacks, throwing, canoeing, shooting basketballs, running on all fours (turtling), whistling, and jump-roping, just to name a few!

Sound like fun? Well all you have to do to enter is to drop by Little Lake Bryan or call 828-3620 and leave the name of your team and captain. The "Anything Goes" coordinator, Duncan "Captain Zoom" Marks, will schedule your team for time trials. Individuals who do not have a team (perhaps you're a bit too crazy?) should contact Arla at Cast Activities, extension 4254, to be placed on a team. The competition is open to Walt Disney World employees only, with each team required to consist of two men and two women.

Changing facilities and showers are available for those cast members who will go directly to work after competing.

The featured entertainment of the day will be "Mother's Choice," the highly popular group playing nightly in Apple Annie's Courtyard at Church Street Station.

Blending country, bluegrass, and country-rock with some John Denver and the Eagles, "Mother's Choice" relies heavily on close harmony and expert banjo and fiddlin' that'll have everyone on their feet dancing!

"Mother's Choice" will be performing at the Anything Goes Picnic from 10 a.m. to 4 p.m. We guarantee that listening to "Mother's Choice" alone will be worth the trip to the Lake!

Lake Buena Vista Outdoor Foods will be on hand to serve specially priced pizza, hot dogs, and corn on the cob.

The competition will begin at 10 a.m. and close at 6 p.m. Families are invited to come on out to cheer their team on and to enjoy a day at the Lake.

So get a team and come out to Little Lake Bryan on Friday, July 18, and find out if you qualify for the title of the wildest and craziest at Walt Disney World . . . Heaven Knows, Anything Goes!

## BEAR HUG FOR BRER BEAR

Brer Bear received a big bear hug from **Kami Cotler**, "Elizabeth" on the popular television series "The Waltons." Kami was vacationing in Florida before beginning her ninth season in the series.

## 1980 NATIONAL MARKETING AWARD GOES TO DISNEY

On June 17 of this year, Card Walker, on behalf of Walt Disney Productions went to Atlanta, Georgia, to accept the American Marketing Association's 1980 Achievement Award. The presentation was made at the Association's annual conference, held this year in Atlanta's Hyatt Regency Hotel.

In a letter to Walker, Vern McGinnis, Award Committee Chairman, said, "The purpose of the Achievement Award is to encourage improvements in marketing practice by recognizing outstanding marketing performance. This is the only award presented by the national AMA to an organization as compared to awards to individuals . . . .

"Selection of the award winner is the responsibility of a blue ribbon 10-person committee appointed by the President of the Association . . . Your organization is the most worthy

recipient."

The award is presented annually to an organization well known for their marketing leadership and is based upon the performance of the entire organization. It is given for sustained, successful marketing performance by a socially responsible organization willing to share their marketing knowledge with others.

In accepting the honor, Walker stated, "We are extremely complimented by your interest in our Company and our marketing endeavors, and proud to be included in the prestigious group of American businesses who have been so honored."

Past recipients of the AMA award include:

- 1975 — IBM Corporation
- 1976 — Eastman Kodak Co.
- 1977 — Coca-Cola Company
- 1978 — Sears, Roebuck & Co.
- 1979 — General Electric Co.

## FLOATING HOLIDAY SCHEDULED

Each year all eligible Walt Disney World Company cast members receive a "floating holiday" which may be designated on different days, year to year, to commemorate various occasions.

This year's "floating holiday" will occur on **Friday, October 3**, which happens to be the week of the ninth birthday celebration for Walt Disney World Company.

## NEW GOLD KEY ID CARDS ISSUED

Our Magic Kingdom Club "Gold Key" package now includes a new identification card rather than a photo ID card as was issued in the past.

The Gold Key card allows the guest who purchased the card unlimited use of our Walt Disney World transportation system, admission to the Magic Kingdom, unlimited use of all Magic Kingdom attractions (except the Shootin' Gallery) during our normal operating hours, and use of our Walt Disney World recreation facilities (except the arcades). This card is good for breakfast, lunch, and dinner at any of our Walt Disney World restaurants where waitress or buffet service is available. Alcoholic beverages are not included, however.

Each Gold Key card is embossed with a "valid through" date, the guest's name, the number in the party, and the Gold Key ID number.

If you receive one of these cards in your food or recreation location, remember to handle it as you would a credit card: run the card off on a Walt Disney World credit card slip. Verification of the guest's signature is required on every transaction.

If a guest reports a lost Gold Key card, direct them to the front desk at the Contemporary Resort Hotel.

## FOR YOUR BENEFIT

### SUMMER DATE NIGHT FUN

As a Permanent or Casual Regular cast member, we often take advantage of the opportunity to use our Magic Kingdom Admission Pass to treat our family and friends to a day in the Magic Kingdom. Well, throughout the summer months, Casual Regular cast members can enjoy that same privilege!

Summer Date Night will be in effect each evening through August 23, allowing each employee and one guest admission to the Magic Kingdom after 5 p.m. Please remember to park in the Main Parking Lot and bring your ID along for admission!

## CAR CARE TIPS

It wasn't too long ago that gasoline was relatively inexpensive and we didn't worry too much about gasoline-saving techniques. But as the fuel becomes more expensive and quantities become limited, it's important to know how to save.

One way to save is to drive less, but when many of us drive between 35 and 50 miles round trip to and from work, that isn't always feasible. Car pooling or joining a van pool helps, but there's another way to save ... drive intelligently! Here are a few gasoline-saving tips to make you a conservative driver:

- To save fuel, shut your engine off if you are idling more than one minute. Idling wastes a half-gallon of gasoline per hour.
- Driving at 55 mph increases your gasoline mileage 20 percent over the mileage you get driving 70 mph. If you drive a heavy-duty truck, that savings increases to 40 percent.

- The most fuel efficient way to start a car is start driving immediately, slowly for the first mile or so. That way you warm the engine up slowly without wasting mileage.
- A sticky carburetor choke can cost you three miles per gallon; a misfiring spark plug costs you two miles per gallon per plug; dirty air filters will cost you at least one mile per gallon. Get tuneups on a regular basis and avoid the problem!
- Radial tires will increase your gasoline mileage because they create less friction because of their tire construction. This alone can improve mileage by five percent.
- Unnecessary weight cuts your gasoline mileage one percent to two percent for each additional 100 pounds ... don't use your car as a storage place for unneeded golf clubs or sporting equipment or tools.

Watch upcoming **EYES & EARS** for additional tips to help save you money!

# "It Takes People"

The Walt Disney Travel Company has been operating under new leadership for the past few months with the promotion of **Ed Beaver** to their Eastern Regional Manager. Many of our Magic Kingdom cast members will remember Ed from the other positions he has held during his 14-year association with the Disney organization.

Ed joined the staff of Disneyland in 1966 as a Casual Temporary ticket-taker. He said he was quite fortunate in being selected for a position at Disneyland considering the large number of applicants for the relatively small number of jobs available. Since he was over 6 feet tall, and ticket-takers at that time assisted with security, Ed got the job! Within the year Ed turned permanent and began working on Main Street, U.S.A. At the same time, Ed was furthering his education at Long Beach State College studying Radio and Television intending to become a radio disc jockey upon graduation.

While still attending college, Ed moved from Main Street to Adventureland working on the Jungle Cruise and other attractions throughout the land. When he was promoted to Assistant Supervisor in 1970, he terminated his plans to become a disc jockey and began concentrating on his career with Disney. (Another factor in his decision to concentrate on his career here was his marriage to another Disney employee, Karen. Karen is currently the Assistant Manager at the Citrus VIP Room in Adventureland.) About a year later, Ed transferred to Florida and Walt Disney World Co. helping open our Main Street! Adventureland areas. He was promoted to full Supervisor in 1972 and later that same year became the Area Manager.

After almost nine years in Operations,

Ed changed career paths in 1975 joining Food Administration as their Training Manager. When the Magic Kingdom began operating under the area-concept in 1977, Ed returned to Operations/Foods as the Area Manager for Frontierland/Liberty Square/Adventureland Foods.

His move to the Walt Disney Travel Company has proved quite interesting for Ed. After working for 14 years within the Magic Kingdom, it's quite a challenge and thrill to begin working with outside contacts as well. Ed is busily learning all the various aspects of the Travel Company and has realized that it entails both operating experience and marketing functions. His main goal is to increase the number of cast members who utilize the free travel service the Walt Disney Travel Company offers. Ed told us that, in many cases, contacting the Travel Company before you make your reservations can actually save you money as well as time, as the cast members there will make all the arrangements for you in the most economical means possible.

Ed really enjoys working for the Disney organization, and said he was fortunate to have begun working when he did, as he formed quite a few lasting relationships. He added that he hopes that one day, when we look back upon our "Disney years," we'll feel much the same way.

But Ed's life isn't all work! His after-hours are kept busy with his two children, eight-year-old son Doug and six-year-old daughter Kelly. He's also an avid basketball and baseball player and has been a member of the "Superballers" softball team during all six years that they have won the Cast Activities Spring League Softball Championship, and is looking forward to their seventh win!
